

New Drive Started for Little Morongo Route

Associated Chambers Plan Action

Adopt 10-Point Program for Route Revision

Members of the Associated Chambers of Commerce of the High Desert last night at Desert Hot Springs launched a vigorous new campaign to re-route a proposed freeway to Twentynine Palms.

Enlisting the aid of chambers of commerce from Indio to Riverside, the High Desert group drafted a resolution calling for construction of a four-lane highway through Little Morongo Canyon instead of Dry Morongo Canyon.

BASED ON A 10-point program citing reasons for preference of the Little Morongo Canyon Route, the resolution is primarily aimed at the State Highway Commission and subsidiary government agencies.

Target for the association's action is the commission-approved plan routing a new freeway from the present Twentynine Palms cutoff at Highway 99 to Twentynine Palms community.

The proposed route roughly parallels and overlaps the present State Highway 187, cutting through Dry Morongo Canyon.

IT WAS NOT known how soon the state plans to start work on the project, but Matt Samel, Associated Chambers vice president, warned members that "if they start to spend any money on the work, we'll have a devil of a time getting anything changed."

Samel urged members to speed circulation of the resolution through chambers of commerce ranging from Indio to Riverside.

THE 10-POINT program, which also demands that the present Twentynine Palms route remain open while the new highway is under construction, also takes the County Board of Supervisors to task for their alleged failure to call a public hearing on the highway routing.

"Too much was taken for granted by the Board of Supervisors," Rolf Skovholt, president of the Desert Hot Springs Chamber of Commerce, pointing out that the supervisors endorsed the highway plan without consulting representatives of areas involved.

Stratocruiser With 58 Aboard Lands Safely

LOS ANGELES — (UPI) — A Pan American Airways Stratocruiser carrying 58 persons landed safely at Los Angeles International Airport today after reporting a crippled engine as it neared the mainland from Honolulu.

The big passenger aircraft put down without incident at 8:16 a.m. (p.d.t.), with a Coast Guard flying boat hovering nearby.

The escort craft was requested when Pilot Capt. G. Langston feathered the No. 3 engine at 6:15 a.m. 300 miles at sea west of Santa Barbara.

Five New Nations Recognize Regime

LONDON (UPI) — The new revolutionary Iraqi regime appeared today to be well on the way toward winning diplomatic recognition from the West.

The ice-jam was broken Wednesday when the Moslem members of the Baghdad Pact—Pakistan, Turkey and Iran—recognized the government of Premier Abdul Karim Kassem. West Germany and Greece followed suit.

SAVE A PENNY, MAIL YOUR LETTER BEFORE MIDNIGHT

WASHINGTON (UPI) — You can save a penny by mailing that letter today.

Higher rates for first class and airmail letters go into effect at 12:01 a. m., Friday, but the Post Office Department said mail dropped in the box in time for the last evening collection today will be postmarked July 31 and go at the old rate.

If you mail your letter at the post office in time for it to be postmarked before midnight it will also go at the old rate.

Hereafter first class letters will cost four cents an ounce instead of three cents. Air mail letters will cost seven cents instead of six.

Post cards will be charged three cents each instead of two cents. Air mail post cards must have five cents in stamps instead of four cents.

Flash Floods Bring Sea of Mud to Area

5 Phone Poles Are Casualty

Tramview area residents today dug their way out of a virtual sea of mud, silt and rocks left in the wake of a brief but muscular rain squall that pummeled the Palm Springs area last night. Lashing across the city from San Jacinto, the fast-moving rain and windstorm snapped telephone poles and flooded low areas in the city and churned up a foot-high wave of mud that shoved into Tramview homes and stores.

RAINFALL, ABETTED by 30-mile-an-hour winds, was measured at .16 of an inch for the short-lived storm, bringing the total rain count for the last three days to .76 of an inch.

Hardest hit by the sudden cloudburst was the Tramview area, where mud and water washed across a trailer park and into shops along Highway 111.

A restaurant was flooded out and a hardware store proprietor was forced to open his doors to relieve the tremendous pressure of mud and rocks flowing into the building.

IN PALM SPRINGS, the storm snapped a row of five telephone poles on the southside of Highway 111, near Smoke Tree Ranch, blocking highway traffic.

Flood waters isolated Araby area residents and blanketed portions of the highway at Romanoff's restaurant, where highway officials quickly set up barricades.

THE HIGH DESERT, near Twentynine Palms, suffered a similar fate. Twentynine Palms residents were isolated when their highway was cut off by a flash flood early in the evening.

Electric power lines were untouched by the storm.

Pilot Passes Over Tokyo Bay

TOKYO — (UPI) — Capt. Marion (Pat) Boling, Palo Alto, Calif., passed over Tokyo Bay on schedule today in his attempt to set a non-stop distance record for a light plane.

FLASH FLOODS and wind did some damage to power and telephone lines on East Palm Canyon Drive, Highway 111, and flooded stores and restaurants in Tramview last night. Water poured off the highlands and mountains and ran in torrents along streets and gutters into the flood channels, leaving debris and silt in its wake. At left above, Albert Vargas sweeps water and silt from his Tramview eating place, El Jacal Restaurant, which was closed because of the floods. At right, one of five telephone poles is shown splintered and broken off as the result of high winds during the local storm. Telephone company crews worked almost

all night to clear the road of the broken poles. In the center of Palm Springs a tree fell across telephone lines in the 100 block of South El Segundo. (Desert Sun Photos).

Sheriff's Deputies Seek Service Station Burglars

Sheriff's deputies are today looking for "at least two men" who burglarized the Richfield Service Station at Highway 111 and Rio Del Sol Road in Rancho Mirage Tuesday night.

Deputy Sheriff Paul Lewis reported today that Leslie Yaxsimer reported yesterday morning that his station had been burglarized and that the cigaret machine had been broken into. The thieves had stolen the change and some cigarets from the machine, took between \$35 and \$40 in change from the cash register, and an inventory showed two flashlights and a 12-volt battery missing.

THE BURGLARS entered the building by breaking out a rear window, which is located almost eight feet above the ground.

According to Lewis, there was little or no physical evidence left at the scene, but the investigator has some leads he is checking out.

INVESTIGATORS theorize that more than one person had entered the building because "it was apparent that they had both entered and left by the window and a single person would have needed help to take the battery out of the building."

The crime occurred sometime between 8 p.m., Tuesday, and 7 a.m., Wednesday.

U.S. Proposes 'Attack' Meeting

WASHINGTON — (UPI) — The United States proposed to Russia today that they meet at Geneva in October to consider means of preventing surprise attacks.

This country recommended that the talks start in the first week of October.

Western and Communist scientists are in Geneva now discussing technical means of policing a ban on nuclear weapons tests.

The new American proposal delivered to the Soviet Foreign Ministry by the U.S. Embassy in Moscow, suggested that other governments might take part in the proposed talks for "a joint study of the practical aspects of this problem."

Village Resident Killed When Struck by Car Near Devore

A 70-year-old Palm Springs woman, reported missing from her trailer home Monday, was instantly killed early yesterday when she was struck down by a car on Highway 60, near Devore.

The woman was identified as Beatrice Llewellyn, who lived at Smoke Tree Trailer Park, 115 North El Segundo Avenue, by the San Bernardino County coroner's office.

PALM SPRINGS Detective Lt. Robert White said the woman was reported missing by her brother, Windsor Llewellyn, of Pasadena, Monday.

Llewellyn said he last saw his sister Sunday night. She was gone when he went to pick her

up Monday, he told White.

The San Bernardino County coroner's office said the woman apparently walked directly into the path of an auto driven by Charles Montiel, 28, of San Bernardino.

CORONER'S DEPUTIES said the woman was holding a bus ticket for Van Nuys from Palm Springs. It was not determined how she got to the Devore area.

U.S. Steel Joins In Price Raise

NEW YORK — (UPI) — U. S. Steel Corp., the nation's biggest steel producer, today raised steel prices an average of \$4.25 a ton, or 3 per cent, in line with mark-ups by other steel makers.

The U. S. Steel action left only Bethlehem Steel Corp. and Inland Steel Co., among the nation's eight largest producers, that have not announced higher prices.

INLAND SAID Wednesday it would act when U. S. Steel did. Bethlehem directors meet later today.

The new U. S. Steel prices are effective Friday.

Although U. S. Steel's average increase of \$4.25 a ton was less than the \$4.50 announced by other producers, a company spokesman said this did not represent undercutting but a difference balance

among products.

FOUR MAJOR STEEL companies—Republic Steel Corp., Jones & Laughlin Steel Corp., National Steel Corp. and Arco Steel Corp.—have announced hikes of about \$4.50 a ton to an average price of about \$150 a ton.

The increase touched off swift reaction in Washington where the administration let it be known the steel industry might be impeding recovery from a one-year recession.

Congressional leaders called for corrective action by industry, labor and government to stabilize the economy.

Iron Age, an authoritative steel trade magazine, predicted that by the end of the week all steel prices — except those for tin plate that goes into cans — will have been raised.

GROUND BREAKING FOR THE new Palm Springs Police Station was held yesterday on the station site on McCallum Way across from the City Hall. Condemnation Of Property Is Authorized

In preparation for the construction of Tachevah Dam to control flood via Tachevah Creek to Palm Springs, the Board of Supervisors acting in its capacity as the county flood control board, authorized county counsel this week to proceed to acquire property necessary for the project by condemnation in accordance with the state's laws of eminent domain.

Flood Control Engineer John W. Bryant said that development now taking place on privately owned lands in the area if not stopped could raise local costs to such an extent that the project would no longer be justified.

Plans for the dam project to control the flood waters in accordance with an interim report by the U. S. Corps of Engineers, have been approved by all federal agencies and transmitted by the Secretary of the Army to the Bureau of the Budget for approval. The dam will protect considerable property in Palm Springs from possible flood damage.

Appeal Issued For Return of Purse, Papers

An appeal was issued today by Peggy Bull to the person who found her purse on a drug store counter to "please return the contents — everything but the money."

The purse contained about \$18 to \$20, plus personal papers which cannot be replaced.

She asked that the person who found the purse contact her at FA 5-2253.

Daily Newspaper Business, How It Serves a Community Described to Kiwanis Club Members at Luncheon Meeting

The newspaper business and how it serves a community was the subject of an illustrated talk by Art Letherby, promotion director of The Desert Sun, before the Kiwanis Club at its weekly luncheon meeting at the Chi Chi.

Donald E. Goundry, Kiwanis president and assistant manager of Security-First National's local branch, presided at the

meeting. Red Kenyon, program chairman, introduced the speaker.

"FEW PEOPLE realize how much the daily newspaper means to them in their daily lives," Letherby said, "until there is no newspaper at all in their town, as happens in the event of a major local catastrophe, or printer's strike."

"Market research surveys recently have shown very conclusive-

ly," the speaker continued, "that readers are just as much interested in the advertising as they are in the news. Advertising is according to these surveys, actually news of what is available in the way of goods and services, and where these things can be found. Other surveys have shown that while many people resent

'commercials' they never consider the newspaper an intrusion," Letherby reported.

ECONOMY in reaching a desired audience for a selling message, flexibility in cost, timing and impact frequency, and readership acceptance were cited as the major factors that have contributed to the steady, rapid growth of newspapers everywhere, in spite of growing competition in the communications field.

"There is just no substitute for the newspaper," the speaker concluded.

Officer to Pay For Damage Caused by Crash

A Palm Springs police officer was today directed to pay the cost of repairing a police car damaged in a three-car collision during the height of Tuesday's rainstorm.

Police Chief August Kettmann said he recommended to the City manager that Officer Neal Green pay the repair cost, estimated at \$300, "because of his failure to observe extreme caution under existing traffic conditions."

A police department accident report said the car driven by Green apparently skidded into the rear of a truck which had been halted behind a car making a left turn off rainswept Indian Avenue at the Greyhound depot.

The truck, a California Electric Power company vehicle, was driven by Robert B. Hamilton. The auto making the turn was driven by Douglas Stone, 17, of 3713 Calle San Antonio.

Kettmann said Officer Green agreed to pay the damages for the patrol car, which is not covered by collision insurance. Damage to the other vehicles, if any, will be covered by an auto liability insurance policy, Kettmann said.

Board Denies Desert Junk Yard Permit

A permit for establishment of a junk yard for the storage of used houses, on property on the west side of Kubic Road north of Highway 60-70-99 at Thousand Palms, was denied by the Board of Supervisors this week on recommendation by the County Planning Commission.

Applicant for the permit was H & S Housemovers of Palm Springs.

Biltmore Hotel to Offer 'Ho Hums' Nightly for Dancing

Proof that Palm Springs summer life is becoming more and more lively can be found at every hand throughout what used to be called the "Village," but which is rapidly becoming a year-round teeming city.

The latest addition to Palm Springs night life this year was announced today by Richard Levin, Biltmore Hotel co-manager. He reported that starting tomorrow night, with the popular Biltmore Poolside Picnic, the "Ho

Hums" will provide music for dancing and entertainment in the Garden Room.

TV and recording stars, the group brings with them a reputation of being outstanding entertainers.

Popular Harry Gillingham will continue to please his many fans at the Piano Bar.

Levin voiced confidence that their new policy of providing dancing nightly would prove "extremely popular with the many Palm Springs summer stay-at-homes."

Three Fish, Game Recommendations To Be Studied

Three recommendations by the Riverside County Fish and Game Commission were referred by the Board of Supervisors this week to Administrative Officer Robert T. Andersen for study.

The commission recommended purchase of a new boat and outboard motor for patrol along the Colorado River in the Blythe area at a price not to exceed \$1,167.40; purchase of four spotting scopes to assist game wardens in apprehending game violators in the Palo Verde Colorado River area and in the west end of the county, the cost not to exceed \$1,015; and that the county file for water rights in the National Forest in Chuckawalla and Coxcomb mountains where water is being developed with county funds.

Whitewater Hog Ranch May Be Abandoned Now

The Board of Supervisors filed the application of E. E. Andrade of Whitewater for a permit to continue operation of a hog ranch after Andrade expressed doubt this week that he can comply with the demands of the health department and asked for delay to allow him to consult with the property owner from whom he leases the hog ranch site.

The supervisors assured Andrade that they will refund the \$100 fee he has paid for a permit to operate the ranch in 1958 - 59 should he decide to abandon the operation and provided he does not put any livestock on the premises.

NONE ARE THERE now, according to Andrade, because he sells the hogs when hot weather arrives and re-stocks in the fall.

Because there have been numerous outbreaks of disease in Andrade's operation of the ranch in the past, Dr. Everett Stone, county health officer said that to insure proper operation free from hazard to other livestock in the county it is essential that new facilities be provided before the ranch is restocked.

DR. STONE SAID Andrade agreed to build new pens and feeding slabs on ground not previously used for hog raising but stated he would feed some animals on old feeding slabs and transfer them later to the new pens and feeding slabs.

Stone said this would not be safe, and urged that a contingency be placed in any permit issued to Andrade requiring that all future operations be conducted exclusively in newly constructed facilities. Dr. J. H. Bouton, livestock inspector, concurred with Dr. Stone.

County Counsel Ray T. Sullivan, Jr., said the addition of a contingency would be modification of the existing permit and would require a hearing.

Desert Crest Trailer Park Hearing Set

A hearing was set by the Board of Supervisors this week at 10 a.m., Aug. 5, on a petition for a permit to establish a trailer park on the northeast corner of Corkhill Road and Aurora Road in the Desert Crest area of Desert Hot Springs.

The opponents had requested that the hearing be delayed until November so that property owners out of reach of notice of hearings this summer could have an opportunity to be heard. The August date was set, however, after County Counsel Ray T. Sullivan, Jr. said the hearing must be held within 40 days, making the latest possible date Sept. 2.

Enos Reid, attorney for the applicants for their permit, Linderman & Garvin, Inc. of Desert Hot Springs, said his clients would like to have the hearing sooner if possible.

"I guess it doesn't matter so long as it can't be held off until October or November," said Supervisor George Berkey, whereupon Aug. 5 was named.

The planning commission has recommended that a permit be granted.

Blythe Road Project Pact Is Executed

An agreement with the state providing for improvement of 28th Avenue and Lovelock Boulevard in the Palo Verde Valley as a federal-aid secondary project was approved by the Board of Supervisors this week and executed. Estimated cost of the project which includes two-lane grading and surfacing of the two roads between State Route 146 and 18th Avenue and totals 7.6 miles is \$254,500. Of this amount \$145,975 would come from federal aid secondary funds and \$108,525 from state highway matching funds. The balance would be furnished by the county.

Desert to Be Key CD Area If Riverside Is Destroyed

Called on for a report as to the present status of Civil Defense organization in Riverside County, Colonel O. S. Dresher, Civil Defense director, told the Board of Supervisors this week:

"One three-star general has said that March Air Force Base would be the prime target in the United States if we should be attacked, because it is the largest SAC base. We must take into account the fact that Riverside will be pretty well destroyed if an atomic bomb is aimed at March Air Force Base."

IN PREPARATION for such a catastrophe, Dresher said that plans have been made to set up Murrieta Hot Springs as a command post. Should Los Angeles be a target area Dresher said this county's Civil Defense will have to take care of some 1,125,000 evacuees.

"We can't do that other than to herd them into the desert," he declared. He said five field hospitals are strategically placed,

Meairs Named Babbage Official

Raymond C. Meairs, Riverside business executive, was today named chairman of the John Babbage For Congress Committee, Republican leaders reported today.

Meairs, 48, who never previously held a political post, is vice president of the Marcus Meairs Company, of Riverside. He is past president of the California State Exchange Clubs and is a longtime resident of the 28th Congressional District.

Thrifty Starts \$2,000,000 Clearance Sale

Thrifty Drug Stores today launch one of the biggest sales in their entire history as hundreds of items are marked down to bargain prices in the August \$2,000,000 Clearance Sale.

This sale is not merely a clearing of older merchandise, officials said, because, due to Thrifty's huge volume, goods do not remain on the shelves. "Rather, this is a golden opportunity to stock up on many needed items that were missed during the summer rush when shopping time becomes secondary to leisure time."

THERE IS A LOT of backyard entertaining time left and Thrifty's outdoor department offers a vast array of barbecue equipment, relaxing chaise lounges, aluminum chairs and tables, Thrifty officials said. Along with barbecue braziers, there is an endless stock of accessories, spits, aprons and hats, salt and pepper shakers, long-handle forks and hamburger turners, just to mention a few.

The seashore beckons in Southern California for several additional months and Thrifty's low prices make beach balls, umbrellas, plastic floating toys and similar equipment within everyone's reach.

AS A SPECIAL for this August Clearance Sale, Thrifty is offering the entire Gantner Men's Swimsuit Line at two thirds off. The sale will extend through Aug. 9.

County Board Plans Law for Investigators

Sheriff Joe W. Rice told the Board of Supervisors this week that he has received complaints of various unethical practices of some private patrol and investigation services operating in the county.

He suggested that the county adopt an ordinance to regulate and license all such agencies and that it include a requirement that all private investigators operating in the county register with the sheriff.

Administrative Officer Robert T. Andersen said he believes such an ordinance would be "a very good thing to have." The supervisors referred the request to him, at the same time instructing county counsel to prepare an ordinance.

New Guide Lists Parking Sites for Travel Trailers

Now—for the first time—a guide book is available listing sites throughout the country where travel and vacation owners may park their units. The new book was published by the Mobile Homes Manufacturing Association on Aug. 1.

The 160-page guide is designed to meet a growing demand by travel trailer enthusiasts who want to know at a glance where they may park their trailers overnight or for short periods.

PARKING SITES pinpointed in the publication include 1,613 privately-owned travel trailer and mobile home parks, and 649 national and state parks, monuments, and forests. Complete information about each site—boating, playground, fishing, recreation, laundry, cabin swimming facilities—is given along with the park access, telephone number, and rates charged.

An exclusive MHMA service feature is the listing of 344 dealers who rent travel and vacation trailers. In addition, the guide provides towing tips, outlines trailer park rules and regulations, and includes two separate classified advertising sections, carrying

ing messages from the makers of travel trailers, mobile homes, and suppliers.

PARKING AREAS in Alaska, Mexico and Canada are also listed. The Publications Division of MHMA began a survey of the nation's parks late last March prior to compiling the new volume. Kay Marten, MHMA publications director, served as editor of the new guide.

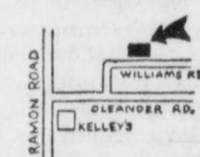

Copies may be obtained for 50 cents by writing "Travel and Vacation Trailer Park Guide," Mobile Homes Manufacturers Association, 20 North Wacker Drive, Chicago 6, Ill.

Next Week Is Orientation Time for New Stamps

This week, due to the postal rate increase, both the public and post office employees are faced with familiarizing themselves with a completely new series of stamps in most denominations.

Mathematically the new postage rates are fairly easy to remember: the basic increases being from 3 to 4 cents for letters, 2 to 3 cents for post cards, and 6 to 7 cents for airmail. To send a post card by airmail will cost 5 cents.

The general public will not be concerned with increased mailing rates in several other categories including second class mail which consists chiefly of newspapers and periodicals, or third class matter composed of circulars and advertising material.

To those who remember the "good old days" of penny post cards and two-cent stamps on letters the new postage rates may seem to be a considerable boost, but by comparison with the inflationary spiral over the past 20 years the new 1958 rates are still short of meeting increased costs and most other basic price increases.

During the period since the last postage rate hike the average price raise has been somewhat more than double or about 115 percent.

Thus the expected annual \$500,000-000 gain in revenues will still find the post office department with a deficit of about \$600,000,000 of which \$270,000,000 will be due to the salary increases granted to postal employees recently.

Although governmentally operated the post office cannot be expected to continue to hold rates or salaries stationary while expenses and the cost of living continue their upward climb in all else.

From a standpoint of self supporting federal agency operating on strictly business principles the rates should have been increased more in order to eliminate existing deficits and also keep abreast of the continued upward cost trend.

The fact remains that even with the new rate increases, the millions who use the mails every day are still getting a vital service below actual cost, the discrepancy being balanced in the end by levying additional federal taxes.

As a commonly used denominator the higher cost of postage stamps serves as an excellent and universal reminder that neither the individual or his government can escape for long the consequences the mounting costs produced as the "painful" part of inflation.

Measures and Men

LOS ANGELES, CALIFORNIA —Irony! How it bites! And irony seems to be sharpening its teeth for Senator Bill Knowland, Republican candidate for Governor of California.

A situation is developing where the right - to - work proposition, which is Knowland's own intellectual offspring, may have a better chance to win at the November polls than its progenitor.

IN A WAY THIS is what happened to the late Senator Taft. His Labor law, the Taft-Hartley Act, was finally accepted by the nation and stood the test of time, while the immortal Mr. Republican was rejected for national office by his own party.

Not that Knowland is out of the running in the gubernatorial race. Far from that, his California followers have faith, and his enemies have respect, for the big man's stretch - running ability. If Congress adjourns in time to give him about 100 days of campaigning, Knowland has the legs and the stamina to close the gap on Attorney General Pat Brown, his smiling sweet-talking rival.

KNOWLAND FINISHED 600,000 votes behind Brown in the cross-filing primary, but that happened because the Demo-Laborites laid on a crash program of registration. Now the Republicans have until Sept. 9 to herd their own shell-shocked voters to the registrar. It can be done — but it will take a mighty effort.

Knowland has already, it would seem, gone a long way toward selling Californians on voluntary unionism — alias the right-to-work. In part, it is Knowland's sense of conviction, a contagious quality, which has turned many Californians against the compulsory unionism of the union shop.

BUT A CERTAIN political craftiness in Knowland has also played a part. The last two Republican Governors, Earl Warren and Goodwin Knight, are known to have conducted almost lecherous games of footsie under the table with the Labor leaders.

THESE ARE THE obvious facts of the campaign. There are some more subtle ones. The same irony which bites at Knowland is also back-biting at Brown. While the Knowland measure of right-to-work is running ahead of the man and possibly running some interference for him, an

opposite process is operating for Brown.

As a Democrat, he is yoked to another proposition on the November ballot — the one to lower the sales tax and to hike the State income tax in support of the welfare programs.

This proposition is demagoguery de luxe. Its bust-bust-bust propensities are plain. It also carries the threat of emasculation upon the California middle class, since the proposed tax would start to hurt badly at the \$9,000-a-year income level.

THE TALK IS that Labor leaders schemed to put it on the ballot as a diversionary target. They hoped that it would draw Republican money and attention away from the right-to-work proposal. The strategy may have worked to some extent. But a great many people of modest earnings have equated Candidate Brown with the threat of a ruinous State income tax. It has hurt the candidate.

Another thing has hurt him, although the bruises don't show as yet. Brown, with a combination of cunning and courage, has tried to dissociate himself from his party's apparent fondness for Red China. The Demo-Laborites have publicly and repeatedly favored that segment of the Communist line which calls for accepting the Red revolution in Asia as a fact and for certifying its respectability in a number of ways.

THIS POSITION looks very suspicious in the light of current events. We are within a gnat's nose of hot war with the Communist world. The Red China issue does not mean much in many states, but in California it is conspicuous and controversial. It could tend to drag down Candidate Brown, while the other live issue in California tends to drag up Candidate Knowland.

There was a well-known sports writer who ended every prize fight prediction column with the admonition: "Don't bet on fights." Well, the same goes these days with political contests. You never can tell.

Dear Abby...

DEAR ABBY: Our daughter is 24 and refuses to work. She thinks she's got pure royal blood in her or something. She doesn't lift a finger to help me with the housecleaning or cooking. When the food is on the table she comes to the table. When she's through eating she goes in and looks at TV. Can you help me do something with this lazy creature? DISGUSTED

DEAR ABBY: My blood boiled when I read that letter from the man who said he didn't know why the modern woman made such a howling fuss over a natural little thing like having a baby. Then he had the nerve to compare us with dogs and cats who crawl into a corner and don't bother anybody with their suffering! Men act big and brave but very few of them could stand the ordeal of giving birth to a child. That is why God, in

her paid vacation. If she's healthy, she can find a job.

THIS SIDE of The Sun

By Phat

Remember that tomorrow There will be something new Or your pen pal will discover That he owes for postage due.

Friday, August 1, 1958, marks another upward bump in the cost of living. It's going to cost a penny more to mail a letter out of town and two cents more if you want to expedite it via the air lanes.

I FIGURE IT'S a boost in the cost of living for what is life without haunting the mail box to see what today's grist brings. Or sitting down and penning a missive, be it "please remit," "having a wonderful time, wish you were here," or "sorry, we won't be home next weekend when you say you want to come and bring the seven kids to visit us."

SO, UNLESS you have a pen pal right here in Palm Springs, you will have to put a four cent stamp on the letter or your effort will be red-stamped "postage due" and, as I understand it, it will cost a nickel more to get it out of hock.

To get the message to its destination post haste, a phrase meaning right away and not left at the post, it will cost two cents more for air mail.

THAT POSES another problem, if you are in the same fix in which I find myself.

It's going to involve addition and subtraction. Like, for instance, in checking my wall safe which is really a shoe box tucked away in a cabinet which one of my sons proudly built in woodwork class in Junior High years ago, I found I had 17 3-centers and 14 air mail stamps of the ante-August First era.

Which meant that I had to purchase 17 one-centers and 14 two-centers to pair with them to keep me legal tomorrow.

ONE LAST WORD before we stop playing post office: Anyone who sends me a dunning letter or one soliciting monetary aid for under-privileged juvenile delinquents under a three-cent stamp hereafter and it costs me six cents to salvage it, is going to incur my ill will.

But there's a bright spot in this rising cost of living picture. You can still get weighed for a penny and the price of a parimutual ticket is still two bucks. Like it was 25 years ago.

Only sobering thought is: What good do either do you?

NOW HERE'S an idea how the City Council can bolster its sagging budget.

Tomorrow is August 1. Sometime within the next two months the maximum temperature is going to slip back into two digits.

Why not start a pool on this day the mercury first fails to reach 100 degrees?

Two months to sell tickets at two-bits a chance, let's say, with the city taking 10 per cent and the winner the rest?

Doesn't Palm Springs boast of having more pools per capita than any other spot?

Mail all cartons of cigarets to cell 46, care of Joe Rice, county jail.

STAN DELAPLANE'S

Postcard

A sunny day on the green oval of hills around Lake Tahoe. Sky and lake are matching blue. A few wool-white clouds are drifting lazily over the California-Nevada mountains.

Inside the hotel, the slot machines rattle merrily. A promise of clattering silver-dollar wealth in every spin.

And who's pulling the handle? Millionaire sportsmen? Absconding bank clerks?

NO, DEAR HEARTS and gentle people. The hand that pulls the lever is the hand that rocks the cradle.

I just won \$500!" she cried from the porch over the swimming pool. She wore a pink bathing suit and an even, golden tan. If she was Phi Beta Kappa, she was not wearing her key.

How did you do it?" cried the ladies at the swimming pool.

I JUST PULLED the handle," she said. I just pulled it.

A lady has just won the \$500 jackpot," said the loud - speaker throatily. Remember, for two minutes every half hour, Cal-Neva pays DOUBLE on every jackpot — 24 hours a day.

LAST I HEARD there were 100,000 slot machines in Nevada. I have pulled those levers until my arm was sore.

I have pulled them cunningly — there is a legend that if you hit the right rhythm, you can make them jackpot at will.

I have pulled them on the hour.

On the half hour. With my eyes closed and clutching a four-leaf clover.

I HAVE USED systems. Followed punters who had given up their machines in disgust. Figured percentages and pulled, pulled, pulled. Nothing.

Then a fluffy thing in a pink bathing suit comes right - eyed down the steps.

I just had one quarter and I put it in and I just pulled!" Justice is blind.

LAKE TAHOE is divided by the California - Nevada line. At

the north and south ends, just over the Nevada line, the glittering slot machine emporiums are clustered in neon-jeweled rows.

"MORE JACKPOTS THAN ANY HOUSE IN NEVADA!" There are machines with standard combinations — cherries, plums, jackpot black bars. There are machines with combinations of numbers. There are double machines — you play them with one handle; and a double jackpot will make you rich forever.

There are machines that pay \$7.50 for a nickel. And machines that pay \$1500 for a dollar.

PULL! WHIRRR! Crash! And the dreams come tumbling out. Mr. John hats! Evins shoes! Balmmain gowns! Paris! Rome! Pull! Whirrr! Crash!

The summer resort people drift in from the California side. Slacks and bathing suits. Bermuda shorts and Hawaiian shirts. Get out in the sun and get a suntan. Get in out of the sun and get a fortune. Pull!

We have dice tables and blackjack, too. But the slot machines are for milady.

"A DAME LIKES a simple game with long odds," a gambler told me once. "Craps confuses her. It is too intricate."

I will tell you it is intricate. And I consider myself a fairly intricate punter. But have had no luck.

And then — "I just pulled and won \$500!" she cried. She stood there, all tan and glowing in her pink bathing suit. She was beautiful.

I could have strangled her.

HOLLYWOOD, Calif. — I've been thinking every minute — working my brain to the bone — even out here in 'dirt' town. I learned (EXCLUSIVELY, OF COURSE!) that Marilyn Monroe's now studying the "kelele" assiduously. She twangs the uke in her next picture, in which she plays a prohibition era Chicago band singer. Marilyn relaxed from her uke lessons the other night to go to the Beachcomber for dinner in a group that included Montgomery Clift. He, as everybody knows, is devoted to Libby Holman. Marilyn told one character that he would be glad to give interviews.

"The only thing is," she reportedly said, "I won't talk about my marriage, my home life or my past." With the prettiest smile this side of Brigitte Bardot, she added, "That doesn't leave much, does it?"

Harry Ruby, the composer, observed: "Looks to me like the country's going off the Goldline standard." Harry's about to do a TV spectacular around his best known songs. "Then I won't have to go to Groucho to borrow \$50,000 every so often," he told me. "One day when I called him desperately and said, 'Can you let me have \$50,000 till Monday?' he said, 'Wait till Monday and you won't need it.' I didn't mind him turning me down but I resented him using that old vaudeville joke to do it."

Oscar Levant was in Dave Chasen's where the grenade of beef and the onion rings with garlic bread are the best dinner yet — and was talking about his estranged wife June. "That woman's crazy!" he exclaimed. "We should get back together."

I never saw Sammy Davis Jr. so great as he was at Frank Senn's Moulin Rouge. Friends say Sammy has set, as his goal, becoming as great an entertainer as Al Jolson. And with all his talents, he can't — if it anybody of our generation can, the other night a small boy named

Six Business Women's Club Members Attend Meeting

Palm Springs Business and Professional Women's Club was represented in San Diego by President June Travers and First Vice President Eudora Whisenand as delegates to the Southern District Convention, July 26 and 27 at the Grant Hotel.

Also present were Betty Luce, Berenice Jacobsen, Nettie Erwin and Hazel Critchlow.

June Travers gave the response speech at the luncheon meeting, expressing appreciation of Palm Springs members attending the convention and having the privilege of enjoying the cool breezes of San Diego.

The themes were "For a Better World" and "The Age in

Which We Live," and highlighting these topics was a message from Ruth Cooper, state national security chairman from Crestline, urging all business women to be prepared for wartime emergencies, mainly with mental alertness and calmness in the face of disaster.

Dr. Charles Terrell presented the banquet speech, "The Challenge to our Present Civilization." He told members that everyone is just 30 minutes from total destruction of an atomic attack should it come, and that in just the last 10 years civilization has gone ahead in speed, energy and human analysis with no limit, so that no one is thinking of an airplane going 1,500 miles per hour but in terms of rockets and missiles going at 15,000 miles per hour or faster, so that all phases of life have gone forward and out of control of the individual man.

He asked business women to analyze, think and react to these facts in order to prevent a coming disaster by atomic destruction.

Hazel Critchlow, attendance chairman, presented an attendance report, and award was made to the Desert Club of Cathedral City for the most members present at the convention. Fern Scott, president of that group received the award.

Table decorations were small models of missiles and rockets, carrying out the themes that mankind is on the threshold of conquering space in this age, and business women should be prepared for the challenge at hand. Also, that business women must open their thoughts and minds to the atomic age.

Nancy Gardner to Have Lead Role of Pitti-Sing in 'Mikado'

Palm Springs High School Senior Nancy Gardner has the lead role in the Gilbert and Sullivan operetta, "The Mikado," being presented at the Redlands Bowl Friday and Saturday.

The talented high school singer plays the part of Pitti-Sing, a light-hearted comedienne, in her theatrical "debut." The two-day presentation of "The Mikado" is directed by Albert and Bertha Johnson.

A member of the high school's Madrigal Singers, directed by Alex Hammond, Miss Gardner is the daughter of Mr. and Mrs. Jess

Gardner, of 584 Plaza Amigo. She also sings in the high school Glee Club and has appeared as guest soloist at many functions of Palm Springs area clubs during the past year. She is a student of vocal coach Wynne Hammond.

Hugh Folkins, of Riverside, and former mayor of Redlands, will return to his stellar role as Poo-Bah in the production, it was announced by Directors Albert and Bertha Johnson.

This appearance in the role which won his affectionate acclaim in the summer of 1953 and '54, marks a remarkable comeback for Folkins from polio meningitis. Two years ago, stricken with almost complete paralysis, he was fighting for his life.

Conrad Hug Continues His Tour of Europe

Now on his way to Stuttgart, Germany, where he'll pick up his new Mercedes-Benz auto is Vil-lager Conrad Hug, who was photographer at El Mirador Hotel last year.

In a postcard from the Continent, Hug reports that he's traveling to the Mercedes factory via Florence and Milan, Italy.

Hug noted that he already visited Paris and traveled down the Danube, moving from Linz to Vienna. Next stop for the vacationing Villager was Vienna.

Nieces Visit Robert Davis

Visitors at the home of Mr. and Mrs. Robert Davis of 2151 Desert Palms, are their nieces, Ann Tritschler of Westlake, Ohio, and Gail Hope of Niles, Ohio.

The two girls who flew out from Cleveland together, have been feted at swim parties and barbecues by the many friends of the Davis'.

The girls, who plan to be here three weeks, have already paid a visit to Disneyland.

Desert Club Plans Treasure Hunt Saturday

La Quinta Desert Club members were today invited to participate in a treasure hunt, starting at 5:30 p.m., Saturday.

The treasure hunt, expected to require almost two hours, culminates in a New York steak barbecue and poolside dancing. Participants will leave the club armed with the first "clue," which will take them to the second, continuing on through about four clues. A list of treasurers will be found at the last point. Points for prizes will be awarded to hunters who collect the most clues.

Next club event is scheduled for the Labor Day weekend, which features a program of swimming races, a diving exhibition, music, dancing and a barbecue.

PARIS — (UPI) — The men who complained about what the sack concealed won't complain about what the empire revealed.

For we may as well face the facts. The high-waisted silhouette is so far, the "look" which has swept through U. S. and European collections as if all designers were one great mind running in the same rut.

Yet the empire, as it's done today in bulky wools and heavy silks, is one to give even Marilyn Monroe and Jayne Mansfield pause.

It calls not only for perfect legs (skirts are 19 and 20 inches from the floor) and for a very slim waistline, but also for a small

bosom — 34 or 35 instead of a movie star pin-up of 38 or 39.

In this latter category, the empire as Paris shows it — and unless modified to fit individual figures — will turn anything other than an ideal figure, size 10 or less, into a dowager type.

French designers, showing their fall and winter collections this week for some 600 reporters from all parts of the world, took to the empire as if the French hadn't invented it in the first place — with the revolution at the end of the 1700's and the rise of the Emperor Napoleon to power.

But there was one thing about the empire of Napoleon's day. It was sexy. In a rebellion against the elegance of the aristocrats, the revolutionaries turned to gowns of filmy muslin and made sure they clung to the figure by a liberal dousing with water. Today's empire in inch-thick tweeds and other heavy wools hardly produces the same effect.

Whether the rest of Paris' haute couture including the famous House of Dior will go along was to be decided as more firms displayed their collections.

Only Coco Chanel, the grande dame of Paris couture, thus far refused to buy empire or anything else besides her classic, unbuttoned jackets, slim skirts, and coordinated silk or jersey blouses. She left virtually all waistlines where nature put them.

Sidney Pearsons Return Home From Canada

Mr. and Mrs. Sidney Pearsons and young son, Lee, have just returned from a three week vacation spent in Vancouver, B. C., Canada.

The Pearsons originally are from Vancouver and have been living in the Village for the past year where Pearson is associated with Pearson, Scott Mortgage Company.

In Vancouver Pearson was a sergeant with the much publicized Royal Canadian Mounted Police, for 22 years.

To make painting with a roller easier, line the paint tray with heavy foil or paper. Colors then can be changed quickly. Use long-handled rollers or extension handles for ceilings and floors. Always start painting with an upward stroke, and if the surface is horizontal, work away from yourself.

One of the biggest costs in providing your telephone service is our annual tax bill. It amounts to twice the sum we pay in dividends to our 13,000 stockholders.

BUT, these taxes do buy something. The \$2,000,000 we paid last year in local, county, and state taxes helped pay for local schools, roads, hospitals, police and fire protection and many other civic improvements and services in the areas we serve.

An additional \$2,000,000 paid in Federal taxes helps pay for a host of essential services which benefit us all.

Community progress depends on sufficient tax revenues to finance essential services. We play a major role in civic progress through the substantial taxes we pay—and the communications service we render.

WATER... PALM SPRINGS WATER IS HEALTHFUL

If you are a newcomer to Palm Springs... or even if you are an old resident, you probably have given very little thought to the purity and healthfulness of the water that comes into your home. Aside from the fact that you may have commented, as so many do, that Palm Springs water tastes especially good, you have doubtless taken its absolute and essential purity for granted.

That's a perfectly normal reaction because, with its background of 63 years of integrity and single-mindedness of purpose in providing water of unquestioned purity, your water company has never been confronted with a single illness due to contaminated water! We are proud to have you know that constant checks are made to be absolutely certain of the purity of our water supply. Twice each day a Palm Springs water company engineer makes important purity and taste tests. Then, in accordance with state law, each week a county health inspector visits different parts of Palm Springs and tests water being delivered to these points.

Still further, once each month a sample of Palm Springs water is sent to private, disinterested laboratories for another check against possible contamination. This is all part of the never-relaxing, never-ceasing vigil provided by your water company to make certain that you enjoy to the fullest the miracle of water!

No. 20 in a series...

A report on our stewardship of your water supply.

Listen to "The Miracle of Water" every Mon., Wed., Fri., 7:45 p.m. KCMJ... 1010 on your radio dial.

TODAY'S PARADE SPORT

By JACK CUDDY
United Press International

NEW YORK (UPI) — The brightest new star in the National League today is big Bob Skinner of Pittsburgh, a guy they used to call "a butcher" in the outfield. There never was any question about Skinner's hitting ability, but some of his awkward defensive antics used to cause die-hard Pirates fans to shield their eyes in horror.

NOW, SKINNER'S .328 batting figure puts him within reasonable reach of Stan Musial and Willie Mays for the league's batting crown. More important, perhaps, his steady fielding puts him directly in line for the title of the most improved fly-chaser in the circuit.

"The thing that helped me most was Danny Murtaugh (Pirates manager) giving me a chance to play regularly," says the likeable six-foot-four ex-Marine from San Diego, Cal.

"I KNEW I WAS no Tris Speaker," he explained, "but I also knew the only way I'd improve was by playing every day."

When Skinner, or "Skin" as his teammates call him, received that opportunity, he made the most of it.

Every day when the Pirates were at home, he'd come out early in the morning to Forbes Field and work on every defensive phase he could think of. That included running in for Texas leaguers, going back for drives hit over his head, and playing cars off the wall.

HIS IMPROVEMENT was noted throughout the league.

Skinner, 26, never had many problems about his hitting. He first impressed the parent Pirates by compiling a robust .346 mark with New Orleans of the Southern Association in 1953.

That earned him a promotion to Pittsburgh in 1956. His fielding was below standard; accordingly the Pirates tried him at first base and even at third in hopes of finding a spot where his glove could do the least damage.

BIG BOB MADE the rounds of positions in last year, and while doing so the Pirates couldn't help but notice the .305 figure he registered in 126 games. Although he wasn't a regular, he slammed 27 home runs.

Some of the drives Skinner hit last season still are talked about in Pittsburgh, where the fans feel they have another Mickey Mantle.

MAYS, THE brilliant San Francisco center-fielder, robbed Bob of at least two more home runs with spectacular catches in 1957.

Only last week Skinner became the fourth player in National League history to hit a ball clear over the right field grandstand roof. Babe Ruth had done it while with the Boston Braves, and the only others to turn the trick were Ted Bearer of the Pirates and Wally Mowen of the Cardinals.

When the ball disappeared from view, Pittsburgh shortstop Dick Groat commented:

"Well, that's one of Skinner's shots that Mays will never catch."

Poles to Get Glimpse of Johnson

Decathlon Champ to Be Added Entry

U. S. Team Very Popular; Meet To Start Friday

WARSAW (UPI) — Polish sports fans were promised today they'll get a glimpse of the "world's greatest athlete" Rafer Johnson in Friday's U. S. - Poland track and field meet, even if his performance won't count in the final score.

U. S. head coach George Eastman of Manhattan College said Johnson had not been entered as a competitor here since there is no decathlon event. But he will appear as an added, unofficial entry in at least one event so Polish fans can see him.

JOHNSON, WHO set a new world record of 8,302 points at Moscow as the U. S. men's team defeated Russia, has been one of the most popular team members among enthusiastic Polish fans who have been cheering the U.S. team since its arrival Wednesday. The Poles went all out to make the Yanks welcome, even loading up on gallons of orange and lemon juice, which sell at prohibitive prices here, for the U.S. training table.

AND THE 50,000-seat "Tenth Anniversary" Stadium on the banks of the Vistula River is expected to be sold out for the two days of competition which start Friday.

The Poles also had something for Eastman — a promise that the meet would be scored as two separate dual meets, one for men and one for women.

At Moscow the Russians had promised the same thing but wound up lumping together both point totals and claiming a 172-170 overall victory.

Eastman announced that Al Oerter, of New Hyde Park, N. Y., who placed second in the discus event in Moscow with 134 feet, 10.7 inches to Rink Babka's 136 feet, 11.5 inches, has returned home. He gave no further details of Oerter's departure.

Treatments Started

MILWAUKEE, Wis. (UPI) — Milwaukee Braves pitcher Joey Jay has been ordered to start heat treatments for the pulled tendon in his right elbow. Jay sustained the injury in a game against the Los Angeles Dodgers Tuesday night. He will be re-examined Saturday.

Orlando Cepeda

Giant Rookie Has Proven Big Assist in Pennant Race

SAN FRANCISCO (UPI) — If rookie Orlando Cepeda has a batting weakness, the National League hurlers haven't been able to find it in four months of play—and that's the reason the San Francisco Giants are in there battling the Milwaukee Braves for the pennant.

Orlando the bull, they call him and he's just that. A 20-year-old rookie with one of the most brilliant futures in the game of baseball.

THE 200-POUND six-footer from Argentina, Puerto Rico, has supplanted Willie Mays in the hearts of the San Francisco crowds and he may well become the most important man in baseball in the future.

"He's so strong," says Coach Johnny Fitzpatrick of the Braves, "that if I were a pitcher, I'd never throw him a ball in the strike zone."

HOLDING UP FLOWERS. Parry O'Brien of Palm Springs acknowledged cheers after winning shotput in dual trackmeet at Moscow between United States and Russia. At left is Biruta Zalagaitis, winner of the javelin throw.

Spahn Breaks Jinx With 4-3 Victory Over Dodgers

By FRED DOWN
United Press International

Victory tasted just as sweet for Warren Spahn today even though he was the first to admit the Dodgers "ain't what they used to be."

"They aren't the team of old, but I feel good anyway," said the great Milwaukee Braves left-hander after beating Los Angeles, 4-3, Wednesday night for the first time in seven years. "A good pitcher is supposed to beat 'em all."

THAT, OF COURSE, had been a sore point with Spahn over the years. Eight times a 20-game winner and a strong Hall of Fame candidate, he nevertheless had to listen to life whisperers that the Braves were afraid to start him against the Dodgers.

The theory was logical enough—why expose even a great left-hander to the Dodgers' right-handed power when there was a reasonable alternative? — but it hurt Spahn's pride, nevertheless.

SO, WEDNESDAY night, the 37-year-old Spahn "proved his point," at least to a degree, against a Dodger lineup packed with eight right-handed batters. He pitched a six-hitter, struck out six, yielded only two earned runs and wound up with a perfect night when his victory knocked the San Francisco Giants out of first place.

The Giants dipped a point

behind the Braves when they lost to Bob Purkey and the Cincinnati Redlegs, 5-1.

THE PHILADELPHIA Phillies defeated the St. Louis Cardinals, 5-1, and the Pittsburgh Pirates scored a 7-1 victory over the Chicago Cubs in a game rained out after 7½ innings in the other N.L. activity.

In the American League, the Kansas City Athletics spoiled Casey Stengel's 68th birthday celebration with a 4½-inning rain-shortened, 2-0 victory but the New York Yankees retained their 14-game lead anyway because the Detroit Tigers beat the Boston Red Sox, 2-1.

The Cleveland Indians downed the Baltimore Orioles, 6-3, and the Chicago White Sox outslugged the Washington Senators, 11-9, in other games.

Rain Postpones Tourney Start

CHICAGO (UPI) — Rain today forced a one-day postponement of the start of the Genealogies Country Club \$50,000 Open Invitational Tourney which has attracted most of the nation's "name" golf pros.

The entire program will be set back one day, and the tourney will be played Friday, Saturday, Sunday and Monday unless further rain forces other changes.

Cepeda has only one desire—to play ball.

SON OF A GREAT Puerto Rican ball player, Orlando has fashioned his play after his father. Because of his powerful build, the Giants tried to make a catcher out of him when he first joined their system.

"But one of my father's first instructions was to tell me never to be a catcher," said Orlando. "So I refused to catch. I'll play any place else they put me."

Although rated as a fine fielder, Orlando's big moment is when he comes to bat. He'd rather hit than eat.

"HE BECAME SO surly when I put him on the bench for a while to give him a rest for the All-Star game," says Manager Bill Rigney, "that I finally had to put him back in the lineup."

Since that day, Cepeda has been hitting the ball to all corners of the park—obviously intending to make sure that he never gets taken out of the lineup again. Rigney removed him because he had started to swing

Roy Harris

Afraid to Fight Only One Man

(This is the second of three dispatches in which Roy Harris, who meets Floyd Patterson for the world's heavyweight championship in Los Angeles on Aug. 18, tells his own story.)

By ROY HARRIS

(Written Expressly for United Press International)

CUT 'N SHOOT, Texas — (UPI) — There's just one man alive I'm frank to confess I'm not sure I could whip.

That's my dad, Big Henry Harris. He's 6-2½, weighs about 240, and at 47 he's still rougher'n a stucco bath tub.

He and my uncles, Jack and Bob, have mellowed some now, but the oldtimers still like to tell about some of the scrapes they got into back in the days when life was a lot more rugged here in the "Big Thicket."

IT USED TO BE that folks in these parts just used to fish and hunt, farm a little bit and maybe tend a whiskey still. They had their own law and a high code of honor. The less they had to do with outsiders, the better they liked it.

When the law from outside would come in and take someone in to the jail in Conroe, my

granddad, John Wesley, (everybody called him "Cussin'" Harris) would go into town and get them out of trouble. He used to be a justice of the peace in Oklahoma, and nobody could put much over on him.

ONE OF THE FIRST things anybody asks me is where our town of Cut 'N Shoot gets its name. From what I just told you about it, you have to admit it fits like a 50-cent shirt after a hard rain.

Nobody knows for sure just how the name started, but the way we usually explain it is that if you stand around long enough you'll get out, and if you try to run you'll get shot.

IN 1932, THEY found oil, and that changed a lot of things. Conroe, our county seat about five miles from Cut 'N Shoot, was the boom town and the population is about 11,000 now.

People in the Thicket fought against the oil companies. My dad and uncles were the ring-leaders. They organized a gang and went around on horseback, tearing down the fences and oil rigs and whipping the rough-necks.

THEY FINALLY had to bring in the Texas Rangers to quiet things down.

Uncle Jack set up a teaming camp, with 18-mule teams. They dug slush pits and cleared land for the drilling rigs. He hired the toughest fellows he could find, and one of his muleskinners for a while was Roy Tipton, who had been with the Machine Gun Kelly gang and was hiding out from the law.

I WAS BORN about that time, and that's how I came by my first name—from Roy Tipton.

We don't think Cut 'N Shoot is so wild anymore. Strangers make out that it is, but we can't get wide-eyed about it because we live here and are used to the way things are. I only wanted to tell about it so that you can see why it is I don't back away from Floyd Patterson or anybody else.

AROUND HERE, they say that my Harris boys were "born in condition." I've been fighting most of my life, and I've never taken a drink or smoked or chewed. It all adds up to how bad I want the heavyweight championship.

Patterson has it, and I aim to take it from him.

(Next: How Roy became a fighter.)

Cardinals Plan Tour of Japan

ST. LOUIS (UPI) — St. Louis Cardinals officials are making plans to take the club for a month-long tour of Japan after the end of the season.

General Manager Bing Devine said Baseball Commissioner Ford Frick and National League president Warren Giles approved the trip Wednesday. The tour will extend from mid-October to Nov. 15.

Scores Triple Win

OCEANPORT, N. J. — (UPI) — Jockey Howard Grant booted home a \$223 daily double Wednesday at Monmouth Park and then added another for a triple.

Mr. and Mrs. Warner Otto (Otto Realty) left over the weekend for an extended vacation in the Pacific Northwest. Their first stop will be in Grass Valley and from there will travel leisurely through Oregon and Washington. Before returning to the desert the plan on visiting former residents Mr. and Mrs. Eddy Daniels, who are now at their ranch in Corvallis, Mont.

Mrs. Lola Sherrill and daughter, Roberta, returned to their home last Thursday from Palm-dale where Mrs. Sherrill was convalescing at the home of her sister and brother-in-law, Mr. and Mrs. Wyatt Gardner, following spinal surgery performed at Redlands Community Hospital in June.

On Wednesday and Thursday of last week Mr. and Mrs. Robert Schmidt and daughters, Sandra and Darlene, were in Blythe at the home of her daughter and son-in-law, Judy and Jack Rosser and their infant daughter, Sharon Eileen, who was born July 4.

The occasion was a joint celebration honoring Mrs. Schmidt, whose birthday was July 19, and her son-in-law, whose natal day was July 23. Mrs. Schmidt's parents, Mr. and Mrs. Carl Barlow, are spending the summer months in Beaumont.

Mrs. Jim Jeanne Marnell (Marnell's Rug Cleaning) is enjoying a six weeks vacation with friends and relatives throughout Indiana.

Fred and Flora Lee Park will close their popular Cottage Cafe for the month of August. Mrs. Park will relax at the Lodge at Lake Arrowhead and Fred will remain here, where he enjoys the summers. They will reopen for another season after Labor Day.

Leo Shurley and daughter, Carol, returned Monday from a vacation in Mexico City, where they visited with friends and were taken on interesting side trips in the colorful city and surrounding countryside. They planned into Los Angeles and spent a week visiting with relatives before returning home.

Over the weekend Mr. and Mrs. Fred Booth were down from their home in Los Angeles. Mr. and Mrs. James Stewart, who were here from Los Angeles looking for a desert home, stopped to visit with them on Sunday.

Mr. and Mrs. G. R. (Ben) Benson returned last week from a motor trip to June Lake. They stopped in Martinez to visit with friends and then went to Clear

Lake, Lake Tahoe and Topaz Lake before heading homeward.

Mr. and Mrs. Melvin Hill spent the weekend in Los Angeles and Apple Valley.

Spending the weekend at Pinon Flats, Mr. and Mrs. Paul Adelman and their son, Charles, had as their guests, Bob and Dennis Down.

On Friday Rev. and Mrs. Roger Hillis of Idyllwild Community Church and three young people from Northern California doing summer church work, were guests at the home of Rev. and Mrs. James Arnold. While the Arnolds were in Los Angeles last week they visited with Cathedral City residents Mr. and Mrs. George Miller, Mr. and Mrs. George Zentmeyer, Mr. and Mrs. Len Stewart, who are in the city for the summer, and enroute home stopped in Banning to see Ruth and Ed Biles.

Mrs. Arvilla Allred spent a few days enjoying the many interesting activities at Catalina Island.

Members of the Junior High Group of the Westminster Fellowship of the Cathedral City Community Church, and their advisors, Mr. and Mrs. Berton Lamb, gathered at the Ivan Sharp home on Treasure Trail Tuesday night to enjoy a swimming party.

SUNAIR

By JEAN PATANE

A birthday party at his Cathedral Canyon Drive home celebrated the eleventh birthday of Charles Allen last Wednesday. Charles and his friends played games before opening the gaily wrapped presents and blowing out the candles on the cake. Enjoying the celebration were Larry Snyder, Butch and Eddie Johnson, Lanny and Mike Perdue, Tommy and Nancy Blair, Jimmie Self, and the guest of honor's brothers, Bradley and Randy.

Mrs. Corinne Davidson and daughter, Margaret, who are spending the summer months in San Diego, were at their Sunair home for four days, returning to San Diego last Monday.

Mr. and Mrs. Charles Linn are having a pool built at their Kings Road Apartments. Mr. and Mrs. Vistor Settle, formerly of Canada, have leased an apartment at Kings Road for a year.

Swimming Party Set by Optimists

DESERT HOT SPRINGS — A swimming and dinner party was today scheduled for Aug. 6 for members of the Desert Hot Springs Optimist Club.

The party gets under way at 6 p.m. at the Miracle Manor Hotel, according to James Martin, hotel owner and club sergeant-at-arms.

Optimist Club members were entertained this week with a patio dinner at the home of Mr. and Mrs. Eddie Burke, 66-643 Estrella. Burke is vice president of the club.

MAJOR FRANK R. PRINCE, 798 North Palm Canyon Drive, is currently joining 105 other area officers and men, members of the 426th Civil Affairs Military Government Co. of San Bernardino, in carrying out "Operation Assault," Phase II, at Camp Roberts, Calif. The field exercises are scheduled to last two weeks, with tactical conditions simulated throughout the day and night.

2 Village Men Face Prison Terms for Beating, Robbery

Two Palm Springs men today face prison sentences for the beating and robbery of a city employee here Aug. 21.

A Riverside Superior Court jury this week found Willie Donald Parker, 19, guilty of mayhem and robbery. His partner, Arthur Lee Taylor, 36, pleaded guilty to a robbery charge.

SENTENCING WAS set for Aug. 19 by Superior Court Judge John Gabbert.

Parker and Taylor were accused of beating and robbing Howard Baete, of 1862 South Palm Canyon Drive, following a drinking bout that ended in a patch of desert near Sunrise Way.

Guests Enjoy Whispering Waters Hotel

RANCHO MIRAGE — Among the many guests enjoying the summer poolside relaxation at the Whispering Waters Hotel are Mr. and Mrs. Clark Gates of San Marino; Mr. and Mrs. W. H. Hitchcock of Pasadena; Mr. and Mrs. C. S. Brooks, enroute from San Francisco to their home in El Centro; Mr. and Mrs. J. W. Anderson of Pasadena; Mrs. Joan Cotton from Woodland Hills; T. J. Foster and family of Playa Del Rey.

Town's Revenue Lost

NORTH TONAWANDA, N.Y. — (UPI)—Red-faced town officials here recently confessed to an oversight. Since 1907, they had been overlooking a law allowing collection of taxes from utility companies having "poles, wires, conduits and other facilities" paralleling city streets.

THOUSAND PALMS

By IZETTA HUNT

Mr. and Mrs. Walter Bovee hosted a barbecue - potluck dinner for the Thousand Palms Chamber of Commerce Sunday at their home on Thomas Mountain, near Idyllwild. Twenty - seven guests enjoyed the steak prepared by Chef Bovee.

Among those present were Mr. and Mrs. George Orwid, who had just returned from a two weeks tour up the coast to San Francisco and back, and Miss Elizabeth Nelson, also just returned from a three weeks vacation around the Stockton area.

The last two Fridays Charles Wallace, clerk of the Palm Springs Unified School District, has been attending University of Southern California School Administration Supervision Conferences in Los Angeles. Among the subjects of special interest to members of the school board was one on communications.

Mr. and Mrs. Dewey D. Wallace and daughter, Joan, were Thursday and Friday visitors in San Diego. While there they attended the National Shakespeare Festival and saw the play "Macbeth."

Mr. and Mrs. Glen Goodnoe from Alhambra and Mr. and Mrs. V. R. Ashby, from Torrance, were Friday guests of Mr. and Mrs. Lawrence Bowman. Saturday guests at the Bowman's were the

Goodnoes' and Mr. and Mrs. Charles Lawrence of Anaheim.

Mr. and Mrs. Dewey D. Wallace and daughter, Joan, vacationed last week with a tour in Arizona, with the Grand Canyon being the main attraction.

Saturday guests of Mr. and Mrs. Henry Lennie was her sister and husband, Mr. and Mrs. Harvey Odgers and Karen from Yucca Valley.

Grace Hyde is visiting in Los Angeles several days this week.
